COMPACT UHD EPTZ VIDEO CONFERENCE CAMERA

Ref.: SPE-MG-402-C

This UHD camera combines all the technical qualities needed to communicate with remote collaborators and hold video conferences under optimal conditions:

- 4K resolution without distortion, 120° wide angle, metal finish, USB 3.0, supplied remote control, 2 microphones for sound capture up to 6 meters with noise reduction.
- ePTZ functionality for zooming, panoramic view, and moving within the filmed image. Predefine up to 9 positions with its remote control.
- An auto framing system to automatically reframe the image on the meeting participants.
- A mounting clip allows you to install it on a wide range of supports, such as the frame of an interactive screen.
